ICTC Limited Warranty on OEM Assembled Products

ICTC provides a limited warranty that extends only to the original purchaser.

Please note that any warranty services or questions must be accompanied by the order number from the transaction through which the warranted product was purchased. The invoice number serves as your warranty number and must be retained. ICTC will offer no warranty service without this number.

ICTC warrants this product and its OEM parts against defects in materials or workmanship for one year labor and one year parts from the original ship date with the following exceptions:

1. ICTC will support all components that are branded and/or serialized within the assembly to the extent of that manufacturer's own warranty, whether that warranty is less than or more than one year.

During this period, ICTC will repair or replace defective parts with new or reconditioned parts at ICTC's option, without charge to you.

Shipping fees incurred from returns for under-warranty service in the first 30-days will be paid by ICTC. All shipping fees both to and from ICTC following this 30-day period must be paid by the customer. All returns, both during and following the 30-day period, must be affected via the Procedures for Obtaining Warranty Service described below.

All original parts (parts installed by ICTC at the original system build) replaced by ICTC or its authorized service center, become the property of ICTC. Any after-market additions or modifications to the original equipment will not be warranted.

ICTC makes no other warranty, either express or implied, including but not limited to implied warranties of merchantability, fitness for a particular purpose, or conformity to any representation or description, with respect to this OEM Product other than as set forth below.

ICTC makes no warranty or representation, either express or implied, with respect to any other manufacturer's product within this OEM Product or documentation, its quality, performance, merchantability, fitness for a particular purpose, or conformity to any representation or description.

Except as provided below, ICTC is not liable for any loss, cost, expense, inconvenience or damage that may result from use or inability to use the OEM Product. Under no circumstances shall ICTC be liable for any loss, cost, expense, inconvenience or damage exceeding the purchase price of this OEM Product.

The warranty and remedies set forth below are exclusive and in lieu of all others, oral or written, expressed or implied. No reseller, agent or employee is authorized to make any modification, extension or addition to this warranty.
